BS IN RESPIRATORY THERAPY

VERY GOOD

BACHELOR OF SCIENCE IN RESPIRATORY THERAPY

The **Bachelor of Science in Respiratory Therapy** (BSRT) is a comprehensive program designed to equip graduates with critical and analytical thinking skills and **advanced knowledge in pulmonary care**. The curriculum provides students with a strong foundation, enabling them to effectively assess, treat, and manage individuals with respiratory and cardiopulmonary disorders.

The program consists of three years of classroom instruction and laboratory training, followed by a **one-year Clinical Internship Program**, which includes **1,600 hours of clinical exposure**. Upon completing the BSRT degree, graduates are well-prepared to enter the workforce as registered respiratory therapists, providing essential respiratory care services across various healthcare settings.

As of this writing, the **Bachelor of Science in Respiratory Therapy** program is exclusively offered at the **OLFU Valenzuela City Campus** under the **College of Physical Therapy**.

ACCREDITATIONS

- ISO 9001:2015 Certified

SCOPE OF PRACTICE

Respiratory Therapists play a crucial role in managing patients with breathing and cardiopulmonary conditions. Their responsibilities include:

- Administering medications via inhalation
- Providing oxygen therapy
- Managing invasive and non-invasive ventilation for adult, pediatric, and neonatal patients
- Performing airway management procedures
- Assisting in cardiopulmonary resuscitation (CPR)
- Overseeing pulmonary rehabilitation programs

Additionally, Respiratory Therapists are trained to conduct diagnostic procedures, such as:

- Pulmonary function testing
- Arterial blood gas (ABG) extraction and analysis
- Electrocardiography (ECG)
- Sleep studies

Career Opportunities

- Respiratory Therapist Clinician
- Pulmonary Rehabilitation Therapist
- Educators
- Researchers
- Polysomnography Technologist
- Hyperbaric Technician
- Home Care Specialist
